Best Practices for Taking Online Assessments

Avoid Interruptions or Distractions.

- Turn off your phone.
- Close any apps still running on your device.
- Inform others not to disturb you.

Take the assessment **whenever you want to**, on the device of your choice.

The amount of time you need to complete all the tests has **no effect on scoring results.**

Make sure to **choose a time when you feel good** and well-rested.

After you **finish one test, you can take a break** before moving on to the next one.

The **invitation should contain a time estimate** for taking the full assessment.

Usually, you have several days to complete all of the tests.

Be aware that **you can't stop an individual test** until you finish.
Check the deadline for the final submission to make sure you don't miss it.

Most of the **tests last no longer than 15 minutes**.

The duration of the whole assessment varies depending on the number and types of tests the hiring company has selected.
